Recommendations

1 SALES TRENDS

- For under performing days, such as Saturday promote special offers to boost the customer engagement and drive sales.
- For high performing days, like Monday and Friday increase more staff, stock more products & enhance customer experience especially during peak times .

2 PRODUCT PERFORMANCE

- For lower performing products repackage for health safety and also put them on sale & days before they expire.
- For high performing products increase more staff, stock more products & enhance customer experience

3 LOCATION TRENDS

- As the outperforming, prime store hours and increase more staff and for under performing locations create mobile carts near markets and events to target more customers.

4 OVERALL RECOMMENDECTIONS

- Use social media like Tiktok, Fcaebook, etc, geo-targered ads, email compaighs highlights key offers or sales especially during peak sales times and in top-performing location.
